

## Bible Study Worksheet

Bible Passage:

Date:

Pray for understanding as you read today's passage.

What did you learn about God? (His character, how He interacts, what He loves or hates)

What did you learn about humans (that includes you)? (Our character, how we interact, what we love or hate)

Are there specific commands I need to take note of?

How can I apply what I have learned to my life?

Prayer: Ask God to help you apply what you've learned. Confess any sin that He has made you aware of and turn from it. Thank Him for who He is and what He is doing in your life. (Be specific, see notes above.)

Key verse: Write out one verse from the passage and consider it throughout the day. Look at it one final time before bed.
